

VIDANT CHOWAN HOSPITAL

VIDANT CHOWAN HOSPITAL
Development Council

As COVID continued to rear its ugly head, Vidant Chowan Hospital's staff continued to persevere and shine. Edward and Rae Ohlert, new residents to the Vidant Chowan area, both became very sick with COVID and were admitted to Vidant Chowan Hospital. During their stay in the intensive care unit, Rae's condition worsened, and her prognosis was not good. Edward and Rae were thankful for the care they received at Vidant Chowan Hospital and have now recovered from COVID. The Ohlerts were featured in Vidant Chowan's end-of-year mailer where they were quoted as saying,

"We were both in awe at the high quality of care provided by the ICU doctors and nurses. The nurse team is the best we have ever seen – knowledgeable, dedicated, caring, and very hard-working throughout their 12-hour shifts. They are also very kind and clearly enjoy their work. Superb people and an awesome team! Our lives literally depended on them. We believe we owe our safe recovery to many prayers and to a VERY professional ICU team."

The Vidant Chowan Hospital Development Council looks forward to reigniting the Women's Giving Circle program and will celebrate the hospital's 75th anniversary with a ball event in 2022.
